

# WAWANG LAKE: A YEAR IN REVIEW

2013

Looking back, we have had more than a blessed year....not only did we break our ALL TIME trophy record with OFAH at 687 trophies documented but we also had a very successful bear and moose hunt this year as well!

We hear it often but really, it is good to be us!

This year was peppered with huge trophies throughout but nobody went home without stories of multiple catches and limits being filled.

We heard endless stories of boats averaging 50-60 fish per day and Jeff and Scott's boat recorded 800 fish caught in 5 days!!

On their first visit, the Welter group of six landed 45 trophy northern pike (7 over 40") and a 29" walleye (by accident!) We look forward to seeing them again next year!

The King group came right in the middle of the mayfly hatch in July temps of 85 degrees each day and still landed 48 trophy walleye's over 25" (biggest 30.25") and 6 northern pike 30"+ (Largest 40")

That is 99 trophies for only 2 groups!!!!

*Thank you all for a great season and see you all in 2014!!!  
Tami, Terry and Trish*
